DETAILED ACTION

This office action is in response to the Appeal Brief received on 1/15/2007. In light of the Applicant's arguments and after conducting a final search, the office finds claims 1-29 allowable over the prior arts of record.

Allowable Subject Matter

Claims 1-29 are allowed.

The following is an examiner's statement of reasons for allowance:

Closest prior arts of record, namely Bendinelli, fails to disclose providing direct communications between a firewall and a firewall controller, such that the firewall controller can send requests to open and close pinholes in the firewall.

Bendinelli discloses the proxy module 1520 coordinates with the respective gateways, 1510 or 1530, to bypass the respective firewalls. Bendinelli specifically states that proxy module 1520 is used as a hairpin, thereby bypassing the firewall 1591 of the second gateway 1530 (Bendinelli, col. 39, lines 1-7).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
